E. TERMINATION CHARGES and CREDIT ALLOWANCES

1. Early Termination Charges

- A. Except as provided for elsewhere in this tariff, customers terminating a CompleteLink® 2.0 plan prior to the expiration of the selected term period are subject to termination charges.

Termination charges are equal to 50% of the MARC multiplied by the number of years remaining in the customer's term period. For a partial year, if the partial year revenue is less than the MARC, the customer is liable for 50% of the difference between the MARC and the actual billed revenue.

- B. If a customer received accelerated discounts and terminates their CompleteLink® 2.0 agreement prior to expiration of their term, in addition to the early termination charges in E.1.A. above, an early termination charge will apply equal to 50% of the accelerated discount received in C.13. above, prorated by the number of remaining months in the contract.

EXAMPLE 1: A customer signed a \$12,000 MARC agreement with a three year term commitment and received an accelerated discount of \$2,400 upfront. If the customer terminates the CompleteLink® 2.0 agreement after 12 months the customer will be liable for remitting to the Company \$800 of the accelerated discount received, calculated as follows: $(\$2,400/36 \text{ total months}) \times 24 \text{ months remaining} = \$1,600 \times 50\% = \$800.$ /1/

EXAMPLE 2: If the customer terminates the CompleteLink® 2.0 agreement after month 18 the customer will be liable for remitting to the Company \$900 of the accelerated discount received, calculated as follows: $[\$2,400 \text{ upfront} + \$1,200 (10\% \text{ of the } \$12,000 \text{ MARC}/3 \text{ year term for their 1 year accelerated discount}) = \$3,600]/36 \text{ total months} \times 18 \text{ months remaining} = \$1,800 \times 50\% = \$900$ /1/

- C. Termination liability charges are not applicable if during the CompleteLink® 2.0 term period the customer converts to another Company Access or usage plan with a term equal to or greater than the remaining CompleteLink® 2.0 plan, and a revenue commitment equal to or greater than the CompleteLink® 2.0 MARC.
- D. Termination liability charges applicable for CompleteLink® 2.0 agreements will be offset by termination charges, if applicable, from other allowed agreements for any CompleteLink® 2.0 eligible service as a result of the same customer termination activity. Termination charges resulting from the charge-back of accelerated discounts received will not be offset by termination charges as a result of other allowed agreements for CompleteLink® 2.0 eligible services.
- E. Customers who have terminated a CompleteLink® or a CompleteLink® 2.0 agreement for the purpose of establishing service with another carrier and who now return to the Company and sign a new CompleteLink® 2.0 agreement will receive a one-time waiver or refund of termination charges associated with early termination of their former CompleteLink® or CompleteLink® 2.0 agreement. The new term period and MARC must be greater than or equal to that of the terminated plan.

2. Service Guarantee

Within 90 days of subscribing to a CompleteLink® 2.0 agreement, customers may cancel this service without incurring the termination liability charges specified in this tariff. Any accelerated discounts received by the customer will be charged back to the customer. This preclusion of the termination liability does not apply to customers who terminate or convert from another Company toll, access, and/or usage commitment product for the purpose of subscribing to CompleteLink® 2.0.

3. MARC Downgrade Allowance for Technology Upgrade

Termination liability charges will not apply if during the term of the CompleteLink® 2.0 agreement the Customer disconnects one or more of the services which are specified under Column A below, and those services are contributory to their CompleteLink® 2.0 MARC, and replaces the service(s) with the Company service specified on the same line in Column B, and as a direct result of that replacement the Customer's annual spending on those services is reduced (comparing customer's current spending on the removed services and the anticipated customer spending for the replacement services), and that reduction results in a 50% or greater difference between the customer's current MARC and the next lower MARC, at the Customer's option and request, the Customer may terminate the existing CompleteLink® 2.0 agreement without termination liability provided: a) the Customer enters into a new CompleteLink® 2.0 service agreement for a term period which is equal to or greater than the time remaining on their current agreement, and b) the MARC on the new agreement is the next lower MARC. This waiver of charges as a result of replacing Column A contributory services with the associated Column B contributory service will be allowed only once per Customer, per agreement term. CompleteLink® 2.0 \$1,200 MARC service agreements are specifically not eligible.^{12/}

A customer replaces its Analog Trunks to ISDN Prime, which would result in an annual spending reduction of \$4,000 from what was spent for the Analog Trunks. At the time of the new contract, the CompleteLink® 2.0 tariff reflects the next lower MARC to be \$18,000, so the customer may terminate its \$25,000 MARC agreement without liability if it enters into a new 2-year (24 month) CompleteLink® 2.0 agreement at the \$18,000 MARC. EXAMPLE 1: A Carrier's customer signed a \$9,425 MARC agreement with a three year term commitment and received an accelerated discount of \$1,885 upfront. If the Carrier's customer terminates the CompleteLink® 2.0 agreement after 12 months the Carrier's customer will be liable for remitting to the Company \$628 of the accelerated discount received, calculated as follows: (\$1885/36 total months) x 24 months remaining = \$1,257 x 50% = \$628

Centrex (any type)	to	PBX
Centrex (any type)	to	ISDN Prime

Example: Carrier's customer has a CompleteLink® 2.0 \$19,635 MARC, 3-year agreement, with 18 months remaining. MARC attainment in current year is 60%. A Carrier's customer replaces its Analog Trunks to ISDN Prime, which would result in an annual spending reduction of \$3,142 from what was spent for the Analog Trunks. At the time of the new contract, the CompleteLink® 2.0 tariff reflects the next lower MARC to be \$14,137, so the Carrier's customer may terminate its \$19,635 MARC agreement without liability if it enters into a new 2-year (24-month) CompleteLink® 2.0 agreement at the \$14,137 MARC. The applicable discount will be that available with the \$14,137 commitment level.

/1/

This MARC Downgrade waiver described above only applies to the termination charges applicable to the CompleteLink® 2.0 agreement. Termination charges may apply on those services being disconnected, and the application of those termination charges are not affected by this waiver. All applicable recurring and non-recurring charges apply to the installation and removal of services. Products and services are subscribed to separately and not as a part of the CompleteLink® 2.0 subscription. As a result of selecting a reduced MARC level, discounts provided under the new CompleteLink® 2.0 agreement may be less than those received under the higher MARC agreement (discounts for the new agreement will be those applicable to the new MARC level under the CompleteLink® 2.0 tariff in effect at the time the new contract is executed). The 90-day service guarantee described in E.2. (as noted in Part 4, Section 2 of this Catalog) does not apply to the new agreement.
